

2026 THANKSGIVING TURKEY PRE-ORDER FORM

We raise one flock of pastured turkeys per year, perfectly timed to be ready the Tuesday before Thanksgiving. This year, that date is November 25, 2025.

These are the familiar broad-breasted white breed of turkey. They roam our pastures, thriving on a non-GMO grain ration supplemented with grasses and insects. We do not add chemicals, hormones, antibiotics, or funky growth enhancers to our feed. Sorry, no pop-up thermometer!

This is truly a bird fit for a family feast!
